

About Meals & Dorms...

Meals:

We'll get dinner on Thursday, three squares on Friday & Saturday, breakfast on Sunday. Bring your favorite snacks for off hours.

We do not provide any alcohol, but folks may bring their own. Hull Park doesn't seem to mind people bringing wine and beer to dinner, that sort of thing. You'll make friends fast :)

Dorms: Each dorm room has two twin beds — we're stuck in a binary world, and sort by gender. If you go by a name like Mickey, make sure I know how you'd like to be sorted, as I have this name, and so does my niece Miki. Spelling doesn't always clue me in!

Bathrooms are down the hall. Bring slippers, maybe?

Bedding provided (sheets, blankets, pillows.)

Flashlight or little headlamp might be good, if you're sneaking around a roommate late at night 'cuz you were haunting the jam sessions.

Electricity: yes. Little wall heater in each room, I believe.

Towels provided, but it doesn't hurt to pack spares, if you're driving -- 'specially if you're a hot tub person. (If you're a hot tub user, bring a suit, as we are both modest and demure.)

Ear plugs are good to pack, too — I use 'em in hotels, too :)

There is a refrigerator in the dorm lobby (where the Intermediate workshops will take place.) One could stash perishables here, or perhaps freeze icepacks for a personal cooler, chill drinks, etc.
