

Hello fellow H.D.R. "2018ites": I am again planning to create a DVD containing brief video summaries for each of the instructional sessions during the Rendezvous this year. As in previous years, the summaries will be short 5-10 minute videos of the instructors highlighting the main teaching points, demonstrating exercises & playing tunes used during the session while the camera focuses on their hands & instrument. PDF files of handouts will also be included.

The intent is to supplement your learning experience, remind you of what was covered during sessions you attended, give you a glimpse of what was covered at other sessions & minimize the urge to move about with your instrument between sessions.

I'm hoping to assemble & mail the DVD within a few weeks after we wrap up! This year I am also planning to post the video clips to a private U-Tube channel as they are completed, but, prior to assembly & distribution of the DVD. If you're interested in receiving a DVD, the charge is \$30. Please send me an e-mail ASAP with your name, current address, e-mail address & preferred phone number. Also put a check for \$30 (a check helps me keep track of payments, cash is harder to keep track of) made out to me in the mail at the address below. I would like to minimize the need to sign people up, collect checks, etc. during the weekend, so let me know as soon as possible.

Looking forward to seeing & hearing everyone soon!
