#49Tree \$95

A handsome cover for your Hammered Dulcimer that not only keeps the dust off, but also insulates and helps keep your instrument in tune. The main fabric is polyester suede cloth in a "milk chocolate" brown, with a square of Jacquard cloth graced by a tree in brown and 3 shades of green woven into the fabric. Light and dark green ric rac "dances" around the tree. The trapezoid-shaped cover is 56" wide at the front border and 35" tall from front to back (top) border. The top border is 28" wide. It fits my 15/14 dulcimer, but as it is a loose cover, would work for hammer dulcimers larger or smaller than mine.
